The following is a study of each major word found in the Hebrew Bible for the following fifteen verses. Each word in English has several references to the Hebrew word it is translated from found in other parts of the Old Testament (the Tanakh – the Law, Prophets and Historical Writings) to give a further idea of how the Hebrew word has been translated in the King James Bible. Note that the Hebrew word for Messiah (mashiyach Strong’s #4899) is not found in this passage. This does not mean that this passage is not speaking of a Messiah.
